When I was in city hall the MFC was a rep from the mayor, CAO and CLA. For the big stuff, McOsker (Hahn's chief of staff) or Marcus Allen (MAV's toughest deputy chief of staff) along with Ron Deaton and Bill Fujioka would often do it themselves. Scary meetings that no one wanted to attend! For something like this, they probably send underlings.

What / who is the Municipal Facilities Committee? That's where our hearing is.

Let me know how it goes - I would be really surprised to see GSD go against a councilman on something like this.

Don,

Never heard of a hearing like that. GSD probably just doesn't want the responsibility for any more land.

Typically, on minor items like this, you would expect the Councilman's desires to be approved. At the Hearing, be sure to have his letter and a rep from his office to speak.
